Summary

Profile

A highly creative BA Animation graduate possessing relevant professional 3D animation experience, eager to develop a career within the animation sector. Adept in utilizing the Adobe suite, and Autodesk and currently seeking a challenging 3D or stop motion internship working collaboratively on company projects

Experience

Food Service Worker

Tortilla Mexican Grill plc

Nov 2022 - Present (3 months)

- Prepare food and drinks.
- Serve food and drink and deal with customers.
- Cleaning the front of the house and stock take after each shift.
- Take payments from customers.
- Be responsible for the health and safety of the team members.
- Take orders and listen to customers.

Social Media Marketing Intern

Reset MSM

Aug 2022 - Oct 2022 (3 months)

- Organising exciting Instagram stories which invoke positive meaning in people's days.
- Contributing eye-catching animation which helps bring awareness to different causes. I was involved in e.g., women's day, mental health week, youth day, and black history month using Adobe Photoshop Premier Pro and Adobe After Effect
- Collaborating with the finance team to generate money through crowdfunding and generating money from the university to help support young people's mental health.
- Consulting with the university to demonstrate how mental health is a very important subject and needs more finance.

Runner

Blinkink

Jul 2022 - Jul 2022 (1 month)

- Coming up with ideas and solving problems for stop-motion animators.
- Working closely with other animators on different frames.
- Communicating and collaborating with Directors and Producers.
- Working in Premier Pro to edit shots and retouch the lighting.
- Learning how cinematic photography works alongside the SFX team.
- Working alongside art departments to adjust the settings.

Student Representative

University of East London

Jun 2021 - Jul 2021 (2 months)

- Collaborating with other animation students to teach secondary school children how to animate while they enter the summer animation competition.
- Directing children on how to use different software including Animate Adobe, Dragon Frame, and After Effect to help build up their knowledge within the subject.
- Composing different lesson plans for the student to craft from.

Education

University of East London

BA, Animation

2019 - 2022

Modules1: People we know, Collaboration within industries to make a short advert to showcase what their organization is about and to help improve people's knowledge. For this I took great leadership in making a clean and dynamic short animation using Adobe Illustrator, Premier Pro and After Effects.

Modules2: Making a short film which showcase both 3d and 2d animation techniques within Adobe suit and Stop motion. This process help me to understand the methods used in industry practice.

University for the Creative Arts

Bachelor of Arts, Photography

2015 - 2018

Wide range of digital and analog equipment to develop confidence and engage in creative workplaces teaching team building. I specialized in analog photography as it involved more techniques and could be transfer to digital in the final cut.

University for the Creative Arts

Foundation Diploma, Art Design & Media Practice

2014 - 2015

The aim of this unit is to introduce me to a range of drawing and making practices. The focus is on hand skills, building creative confidence, and underpinning your 2D and 3D expression.

Skills

Adobe Creative Suite • Autodesk Maya • Communication • Team Management • Flexible Schedule • Research • Independent Thinking • Problem Solving • Attention to Detail • Artistic Abilities
